Java | Spring Boot | Microservices | 2 Years Experience

Summary

Detail-oriented and dedicated Java Developer with 2 years of experience in designing, developing, and deploying enterprise-level backend applications. Proficient in Java 8, Spring Boot, RESTful APIs, and Microservices architecture. Demonstrated expertise in implementing secure authentication mechanisms using JWT and OAuth2. Skilled in collaborating with cross-functional teams and delivering efficient, maintainable code using Docker-based deployment strategies.

Technical Skills

Languages: Java, JavaScript, SQL, Caché ObjectScript

Frameworks: Spring Boot, Spring MVC, Spring Security, JPA, Hibernate, Feign Client

Frontend: JSP, HTML, CSS, CSP

Databases: MySQL, InterSystems Caché

Tools: IntelliJ IDEA, Docker, Git, GitHub, Postman, Swagger, IRIS, WinSCP

Concepts: RESTful APIs, JWT Authentication, OAuth2, Microservices, File Sharing, Regex, Report Generation

Professional Experience

- Software Engineer

4W Technologies Pvt Ltd | July 2023 – Present

Project: Absentee Manager

Technologies: Java, SpringBoot, Git, MySql

- Secured RESTful services using Spring Boot with JWT-based access control
- Integrated Google Sign-In and Firebase Authentication to streamline the login process
- Utilized Docker to containerize the application, ensuring consistent deployment across environments

- Collaborated with frontend developers to optimize user experience and data flow
- Automated absence tracking workflows, resulting in a 50% reduction in manual processing time

Project: Optalert (USA Project)

Technologies: InterSystems Caché, CSP, WinSCP

- Automated the generation of mining analytics and safety reports using Caché ObjectScript
- Designed and deployed dynamic CSP-based interfaces to enable real-time reporting
- Leveraged WinSCP for secure and reliable server-side deployments and file transfers
- Enhanced report generation efficiency, reducing processing time by approximately 30%

Education

B.E. in Electronics and Communication Engineering

Hindusthan College of Engineering and Technology, Coimbatore

Aug 2018 – May 2022 | CGPA: 8.24

Strengths

- Strong analytical and problem-solving capabilities
- Quick learner with adaptability to new technologies
- Proven ability to work effectively in both monolithic and microservices-based architectures
- Clear and professional communication with effective team collaboration

Languages

- Tamil: Native
- English: Professional Fluency
